Web Forms

In regards to parent authorizations, ICS has made decisions to streamline this process so that it is not so paper intensive and time consuming for the staff members, student and parents. Therefore, we have had our parent authorization forms created in Renweb's ParentsWeb so that you can easily and quickly give your approval and/or response regarding these important topics. Therefore, it is a requirement of every ICS student to have their parents click yes or no for approval on the items below. Parents only need to complete these forms once for the duration of the child's enrollment. Updates to these forms can be made as needed.
